

## SURVEY

# THE PIONEERS OF GOODNESS

In 2017 Bill Gates donated an eye-catching \$4.6 billion, saying: “After meeting our needs, the best way of using what is left is to give it back to society.” There are tens of donors in the Turkish business community who think like Bill Gates. In order to support these philanthropists and make them more visible Capital compiled its sixth “Survey of Turkey’s 50 Philanthropic Wealthy Business People”. The top three places in the list were taken by the Koç Family, Ferit Şahenk and Fuat Tosyalı.

Capital’s “Wealthy Philanthropists” survey, which has now become a tradition, makes philanthropy more visible. Our survey, which is based on the data that we were able to access, enables us to publish a list of the 50 business leaders and families who have made the most donations. But we should also remember, and treat with as much respect as those who have entered the list, the hundreds

of wealthy philanthropists in the business community who did not share any data. There are also tens of names who for six years have preferred not to make public the aid they have provided but who have been included in our list in the last few years. We are deeply saddened by the loss of the late Mr. Feyyaz Berker, a highly valued member of the business community who had been a fixture in our lists of wealthy philanthropists

ever since we published our first rankings six years ago. The list of honor also includes the Dr. (h.c.) İbrahim Bodur Kaleseramik Eğitim, Sağlık ve Sosyal Yardım Vakfı, which is named for the late and highly valued member of the business community İbrahim Bodur, whom we also lost last year.

#### DONATIONS HAVE INCREASED

2017 was a difficult year for the business community. Despite this and all their savings and productivity policies, the philanthropists continued with their aid and donations without pause. In 2017, the Koç Family retained their position at the top of the rankings through the donations they made via the Koç Foundation. The Koç Family, who raised their total donations to TL 407,821,000 in 2017, were followed by Doğu Holding Board Chair Ferit Şahenk, who ranked second last year. Şahenk's donations totalled TL 209 million. Tosyalı Holding Board Chair Fuat Tosyalı remained in third place with donations of TL 165 million. The brothers Can Has and Nuri Has, who ranked sixth in our list last year with the Kadir Has Foundation, rose to fourth place. The Altınbaş Family, which significantly increased its donations, entered the top five with donations of TL 93.5 million.

#### THE NEW ONES ON THE LIST

Nuh Çimento Board Chair Tevfik Bilgin, who announced his donations budget for the first time this year, entered the list of wealthy philanthropists for the first time in 26th place. In 2017, Nuh Çimento made total donations of approximately TL 11 million. Like many other philanthropists, Cemalettin Sarar, Cüneyt Turgut, Mahmut Akbal, İbrahim Bodur Kaleseramik Vakfı, and İsmet Abaloğlu, who were not included in last year's list, also entered the list this year. 

The business people who have made the most charitable donations
